

FINANCIAL DISCLOSURE REPORT

FINANCIAL DISCLOSURES In accordance with the ASMBS policy and ACCME Standards for Integrity and Independence, everyone who is in a position to control the content of an educational activity is expected to disclose, prior to planning an activity. Speakers must disclose any financial or other relationship with (1) ineligible companies of commercial products that may be discussed in the speaker presentation and/or (2) ineligible companies supporting the event. ALL relevant financial relationships with *ineligible companies must be disclosed within the past 24 months.

The AACME's Standards for Integrity and Independence define eligible and ineligible companies as; Eligible companies are those whose mission and function are: (1) providing clinical services directly to patients; or (2) the education of healthcare professionals; or (3) serving as fiduciary to patients, the public, or population health; and other organizations that are not otherwise ineligible. Ineligible companies are those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. The intent of this policy is to disclose any significant financial interest or other relationship, including the nature of the relationship that could bias the speaker or program designer.

If a conflict of interest exists, then the ASMBS will seek resolution which may include change in topics, discussion, and/or faculty. Should a conflict exist with a program planner, the resolution will involve their non-participation in the decision-making process and/or removal from the committee.

At this time, all potential conflicts for this activity have been mitigated and resolved.
